IN REPLY PLEASE
REFER TO FILE **T-6**

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**TRAFFIC SIGNAL SYNCHRONIZATION PROJECT
AWARD OF CONSULTANT SERVICES AGREEMENT
(SUPERVISORIAL DISTRICT 1)
(3 VOTES)**

SUBJECT

This action is to approve and authorize the Acting Director of Public Works or his designee to execute a Consultant Services Agreement with KOA Corporation for a not-to-exceed fee of \$176,000 to prepare plans, specifications, estimates, and provide construction assistance services for the Garfield Avenue Traffic Signal Synchronization Project. The agreement will be financed with Los Angeles County Metropolitan Transportation Authority Grant Funds and matching County funds.

IT IS RECOMMENDED THAT YOUR BOARD:

Award and authorize the Acting Director of Public Works or his designee to execute a Consultant Services Agreement with KOA Corporation to prepare plans, specifications, estimates, and provide construction assistance services for the Garfield Avenue Traffic Signal Synchronization Project and to establish the effective date following your Board's approval. The agreement will be for a not-to-exceed fee of \$176,000 to be financed with Los Angeles County Metropolitan Transportation Authority Grant Funds and matching County funds.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to obtain consultant services to prepare plans and specifications for a project to improve traffic flow on Garfield Avenue in the Cities of Bell Gardens, Commerce, and unincorporated communities.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Organizational Effectiveness (Goal 3) by securing sufficient staffing resources to ensure an efficient, effective, and goal-oriented project delivery system.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. The recommended Consultant Services Agreement is for a not-to-exceed fee of \$176,000. The estimated cost to complete this work is \$160,000, plus \$16,000 for unforeseen additional work, which may arise during progress of the work. The Los Angeles County Metropolitan Transportation Authority will reimburse approximately \$138,388 of the cost from the 2001 Call for Projects Proposition C Discretionary Grant Funds for the Gateway Cities Traffic Signal Forum. The remaining \$37,612 will be financed with the County's Proposition C Local Return funds. Funding for this project is included in the Fiscal Year 2008-09 Proposition C Local Return Fund Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The term of this contract will commence upon issuance of Notice to Proceed by the Acting Director or his designee and shall terminate on the date the work is accepted by the County.

The contract contains the County's standard provisions regarding contractor obligations and is in compliance with all Board, Chief Executive Office (CEO), and County Counsel requirements.

The contract is not subject to the County's Living Wage Ordinance (Los Angeles County Code Chapter 2.201), because the services are of a technical nature.

A standard agreement in the form previously approved by County Counsel will be used. The CEO's Risk Management Office has approved the insurance coverage, indemnification, and liability provisions included in the contract.

When construction documents and jurisdictional approvals are completed, tentatively scheduled for August 2009, the Department of Public Works (Public Works) will return to your Board to adopt plans, specifications, and advertise for bids to construct the project.

ENVIRONMENTAL DOCUMENTATION

In accordance with Section 15378(b)(5) of the State of California Environmental Quality Act (CEQA) Guidelines, execution of the agreement to prepare plans, specifications, estimates, and provide construction assistance services will not cause a physical change in the environment and, therefore, does not constitute a project and, hence, is not subject to the requirements of CEQA.

CONTRACTING PROCESS

On September 7, 2006, Public Works issued Requests for Proposal to 26 firms to develop a select list of qualified consultants to provide as-needed traffic design services, and 18 firms submitted proposals for review and evaluation. An evaluation committee, consisting of Public Works engineering staff, evaluated the proposals. These evaluations were based on technical expertise, proposed work plans, experience, personnel qualifications, and understanding of the work requirements. These evaluations were completed without regard to race, creed, color, or gender. Based on the review and evaluation of these proposals, the committee developed a select list of eight qualified firms.

The firms selected were ADVANTEC Consulting Engineers, Inc.; KOA Corporation (formally Katz, Okitsu and Associates); Kimley-Horn and Associates; RBF Consulting, Inc.; Lin Consulting, Inc.; VA Consulting, Inc., Albert Grover and Associates; and Transportation & Energy Solutions, Inc.

As stated in the Request for Proposal, Public Works shall select consultants from the select list of qualified consultants for each project in order of established evaluation ranking. KOA Corporation, Inc., is the next firm on the list.

Participation by Community Business Enterprise (CBE) in the project and the requirement that consultants demonstrate their good faith effort to utilize CBE are encouraged through Public Works' CBE Outreach Program.

The Honorable Board of Supervisors
September 16, 2008
Page 4

KOA Corporation is aware of Public Works' CBE Outreach Program; and their proposed CBE participation is on file with Public Works.

Public Works has evaluated and determined that the Living Wage Program (County Code Chapter 2.201) does not apply to the recommended agreement, as this agreement is for non-Proposition A services.

As requested by your Board on February 3, 1998, and to further increase consultant awareness of contracting opportunities with Public Works, the Request for Proposal to develop the select list of qualified consultants was posted on the Doing Business With Us website. Attached is a copy of the website posting for your reference.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Hiring a consultant to perform this specific short-duration engineering service will allow Public Works to continue to have its current staff perform more routine traffic services.

CONCLUSION

Please return one adopted copy of this letter to Public Works, Traffic and Lighting Division.

Respectfully submitted,

for DEAN D. EFSTATHIOU
Acting Director of Public Works
